2007-2008 capital budget for local service districts (07/06/08)

NB 735

June 8, 2007

FREDERICTON (CNB) –The 2007-2008 capital budget for local service districts was released today by Local Government Minister Victor Boudreau.

"This money amounting to $500,000 is a loan to allow these communities to conduct capital improvements on such things as their fire halls, community centres, as well as fire equipment," Boudreau said.

Today's announcement includes seven projects and will allow local service districts to commence work on these initiatives to improve services to the citizens of their community over this calendar year.
